The first action RPG in Korea, Tarnished, started in 2010 and has been well received for its very close action with deeper character designs and many story variations. The game features fully differentiated characters and deep single player content for a quite reasonable price. In its long-run development, we are aiming to introduce better and improved elements in accordance with your continued feedback. Therefore, we would like to invite you to become a part of our development team to enjoy the advanced technical and artistic quality. WE NEED YOUR HELP: ★ PRIVATE RACING RACE: Give us your

time and funds to develop our API, allowing you to compete with other real players and earn special medals. When you sign up, we will provide you with the race information as well as your driver's information. You will not be forced to play in any race, but if you cannot participate, we will be very disappointed. ★

SPILL THE WINE: During the game's development, we have been drinking the wine left by previous players. Please pour your own wine into the good bottles of ours! We also take other feedback such as answering questions of our users. Please be sure to share that with us. Thank you for your interest! With your continuing support, we are sure to develop our game in a way that will delight all of you for a long time to come. **FAN ACCESS:**

Please visit us frequently at *** **RUGGED REPLAYABILITY** In the game, players can freely choose their own settings and explore a wide variety of content. However, depending on the game settings, players may sometimes encounter situations or encounters that cannot be dealt with. In these cases, we will prevent players from accessing certain

content. The above warning will be displayed when the situations or encounters occur for the first time. To be fair to all players, we will continue to do our utmost to maintain the best experience. Thank you. *** INTRODUCTION Those of you who have been following our development have already received an announcement concerning the game. With an eye to the growing popularity of fantasy RPG game, especially in Asia, we have been following the trend of the Japanese game "Xenosaga". The

What is an action RPG? An action RPG is a game where you play as a character with weapons in hand in the middle of a story. Gameplay is divided between RPG elements, such as inventory management, and action elements like fighting and exploration. The hero travels through a rich, vast world while fighting. The Action RPG genre often contains elements of role-playing games, such as turn-based battles, and typically, the player does not choose the tactics of enemies, but rather, controls the character's position on the battlefield, and attack with a variety of weapons. Some examples of this genre

include the Final Fantasy series, Diablo series, God Eater, and Etrian Odyssey series. The Unique Fantasy Action RPG. The main distinction of the new Fantasy Action RPG (FFAAR) is that it is a locally cooperative game which has asynchronous online features that are directly linked to each other. This means that at anytime and with no pause you can be in a battle with your party and your party can be doing their own thing. The detail and the size of the world The world is a vast open field where you can enjoy the player-centered fantasy with the story and the design! The main land of Tir Cothaid serves as the scene of the battle, but you can travel beyond to other lands and dungeons of all sizes and complexities. The purpose of giving players the freedom to choose which kind of gameplay they want is to provide the maximum enjoyment of their own play style. Each area contains a variety of situations and systems with various gimmicks, so you can come up with many ways of your own adventure. Each area is of a unique design, with three-dimensional dungeons and three-dimensional

scenery, and there are also a variety of dungeons that have complex and three-dimensional design. When you explore, the joy of discovering the unknown and overwhelming threats await you, leading to a high sense of accomplishment. Which types of play are available? From a battle perspective, this game is a battle-style RPG. If you have played any Final Fantasy, you will immediately know that it is a large, three-dimensional battlefield where you can enjoy action, and there are very deep and varied combinations of weapons and maneuvers to fight. In addition to battles, players can also enjoy the adventure of fighting with enemies on a three-dimensional map. From an RPG perspective
